

# Free Covid

Free Covid is a web application that allows users  
a way to get there Covid vaccinations

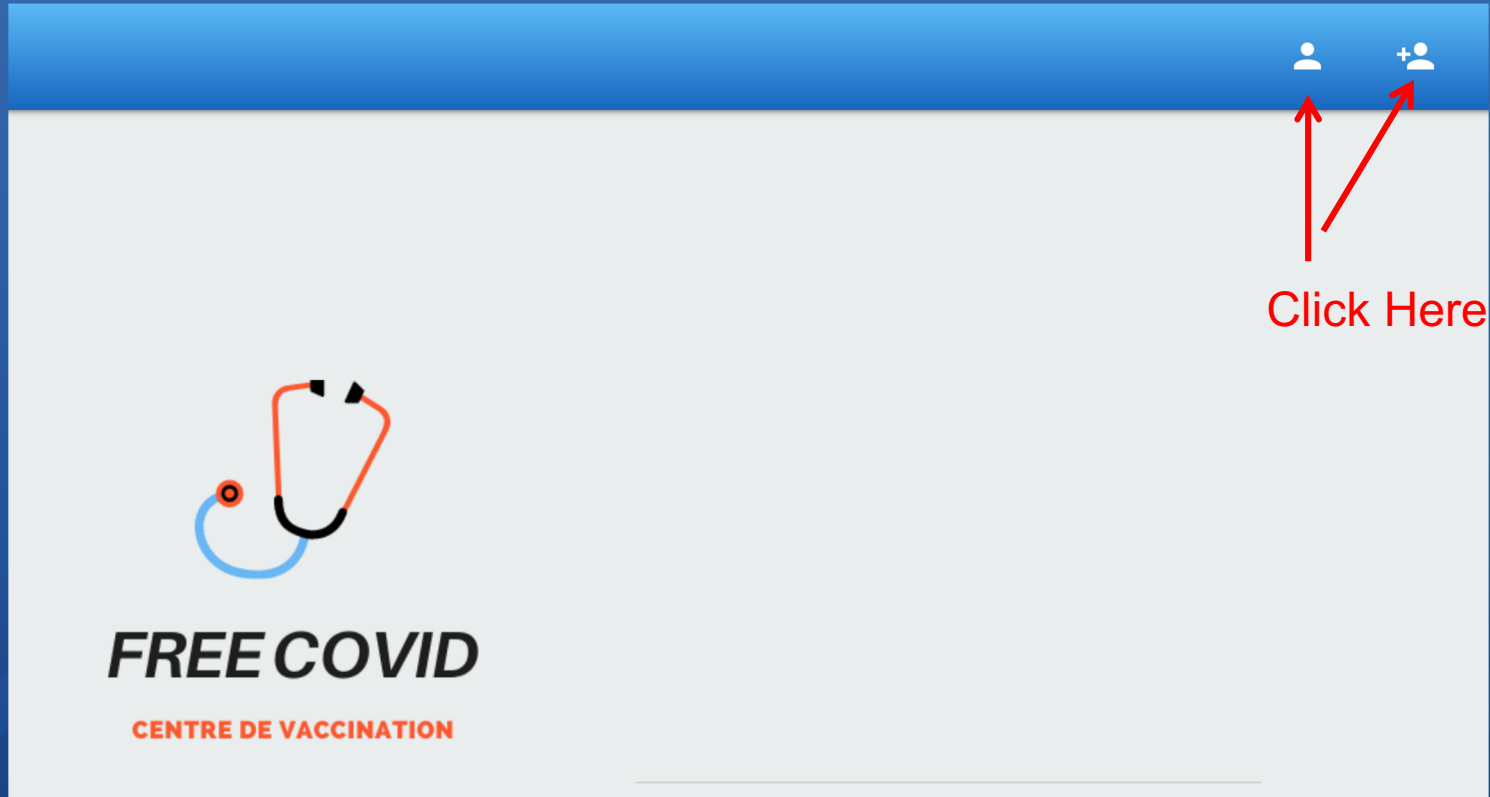

# Utilisations

Once on the Home page user's are provided with simple interface giving them a first look at what the site has to offer.

Such as

- .Hospitals in his/her area
- .Make an appointment
- .General Stats on the Epidemic in the country

# How to Login or Register

# Connected

Now that you are connected you have three options

- Make an appointment
- Delete your account
- Return to Home

• Next we will make an appointment

# Making an Appointment

- First open the Nav Bar in the top left corner of the screen
- Click on 'Rendez-Vous'
- Allow current localisation
- Select the Hospital or Clinique of your choice
- Choose the date and time you would like to get vaccinated.

# Managing Appointments

Go to your account and select 'Gerer mes Rendez-vous'

Select the RDV you want to change or Create a new one by clicking 'Demande de Rendez-Vous'
